

ISHWARYA R

ishwaryarajendran77@gmail.com | +91 9489523948 | LinkedIn | GitHub | LeetCode | Portfolio

Professional Summary

Pre-final year B.Tech student with strong programming, analytical, and problem-solving skills. Experienced in backend and full-stack development, with solid knowledge of Data Structures, OOP, and databases. Eager to contribute to software engineering roles involving efficient and scalable solutions.

Education

Bannari Amman Institute of Technology , Erode	2023 – Present
B.Tech in Artificial Intelligence and Data Science	CGPA: 8.73 / 10
Government Girls Higher Secondary School	2021 – 2023
Higher Secondary Education	Percentage: 90.33%

Technical Skills

Languages: C, C++, Java

Frontend: React.js, HTML, CSS, Tailwind CSS

Backend: Spring Boot (Basics), Node.js, Express.js, REST APIs

Databases: PostgreSQL, MySQL

Tools: Git, GitHub, Postman

Core Concepts: Data Structures & Algorithms, OOP, DBMS, OS (Basics)

Projects

AI-Integrated Hall Booking System GitHub

- Built a role-based hall booking platform with automated conflict detection and booking approval workflows, reducing scheduling conflicts by 70%.
- Designed REST APIs with JWT authentication for secure booking operations and validations.
- Integrated Google Gemini chatbot support to assist users with booking queries and navigation.

Tech Stack: React (TypeScript), Node.js, Express.js, PostgreSQL, JWT, REST APIs, Gemini API

Library Management System GitHub

- Developed a full-stack library management platform supporting book search, issue, return, and availability tracking.
- Implemented authentication, role-based access control, and backend APIs with responsive frontend interfaces.

Tech Stack: React, Node.js, Express.js, PostgreSQL

Employee Management REST API GitHub

- Developed RESTful APIs for employee management using Spring Boot, MySQL, and JDBC with layered architecture and CRUD operations.
- Tested API endpoints using Postman and implemented validation handling for secure backend operations.

Tech Stack: Java, Spring Boot, Spring MVC, MySQL, JDBC

Internships

Cognifyz Technologies & Codsoft – Web Development / Full Stack Internships 2024 – 2025

- Worked on Full Stack Development involving React, Node.js, REST APIs, frontend components, validation logic, and database-driven features during internship programs.
- Collaborated on responsive web application modules and debugging tasks to improve usability and performance.

Certifications

Oracle Cloud Infrastructure 2025 Certified AI Foundations Associate | Oracle University
